This is Kite Runner

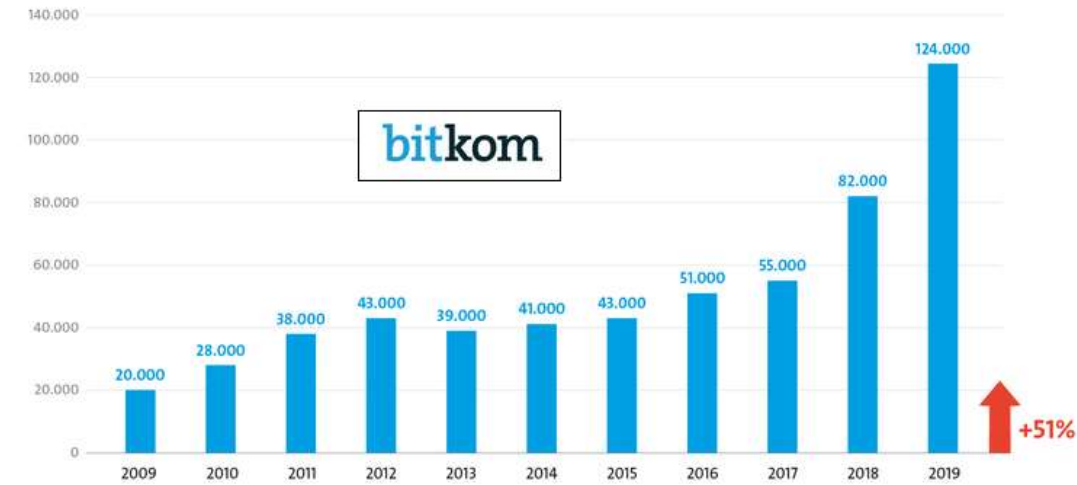

There is a generation of well-educated young Afghans.

There is a dramatic lack of IT experts in Germany.

Number of IT positions to be filled in the German economy as a whole.

Kite runner office Herat
started in 2019.
Kabul office is starting 2021.

At Kite Runner...

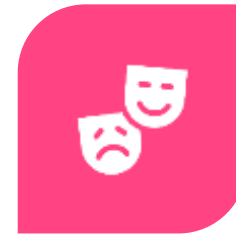

YOU WILL HAVE A
WORKPLACE

YOU WILL TRAIN FOR
CERTIFICATES

KITE RUNNER WILL
TAKE ALL COST FOR
CERTIFICATES

YOU WILL WORK ON
SHOW CASE PROJECTS

KITE RUNNER WILL
FIND GERMAN
CUSTOMER PROJECTS

All costs borne by German investors.

You will have an education loan - it's not free.

You will pay back by working on customer projects and earn good money at the same time.

What if there is no customer project?
-> the risk is carried by German investors.

Even if it is a loan, there is absolutely no financial risk for you (will be fixed by contract).

- You then receive your login data

Start Training

Outlook

Outlook

After having completed the training program, you will work as freelance developer on projects for Kern AG as well as for other companies, that are customers of Kern AG. Kite Runner Afghanistan will be your contracting partner, will provide office space and infrastructure and act as an agency for you.

The repayment of the education loan is made by transferring part of the income from commercial projects. You will have immediate income, you will not have to work for free.

Kern AG is looking forward to have a long term partnership with you as future Kite Runner Afghanistan staff. We plan to continue the training program and have a growing business with Kite Runner Software Engineering Afghanistan.
